At this facility, we believe in bedding stalls light. In a nut shell, deep bedding is what people prefer, not what horses prefer, unless you have an ill, recumbent horse. Deep bedding puts the suspensory ligaments and extensor and flexor tendons at risk. On a stall with a good floor, we want just enough bedding to soak up the urine, not bury the manure. For that reason, we will bed all stalls.

Thank you for cleaning up after your horse in the parking lot and arena. Muck Buckets and forks and brooms are in each aisle.

Farrier appointments may be scheduled with Mission Farrier School, at MissionFarrierSchool@hotmail.com or 360 862-1406.

This is our place of business and also our home. We do have a dress code, and the Brittney Spears look is not appropriate. Ultra low jeans, too much midriff and/or cleavage are offensive to many. Please dress conservatively.

We are happy to have you as our guest. Please feel free to call anytime between 6am and 7pm if you have any questions or concerns.
